

# Ophelia

## Online opioid addiction treatment that saves lives

Patients can call [\(215\)-585-2144](tel:(215)-585-2144) for a free welcome call

We accept insurance!

### Who we support

Ophelia is for people who are ready to take a step toward recovery.

If someone is struggling with opioid use and wants real support without judgment, we're here. We offer medication, compassion, and guidance, all from the privacy of home, and covered by insurance.

### Meet the care team

- **Primary clinician** oversees treatment of opioid use disorder, co-occurring psychiatric conditions, and Stimulant Use Disorder.
- **Clinical care manager** supports comprehensive care.
- **Triage nurses** address urgent needs between regularly scheduled visits.
- **Care coordination team** provides full-time support for non-clinical issues.

### Why Ophelia?

20,000+ patients helped

#### It's 100% remote

No clinics, no waiting rooms. Just real support over the phone, even by text.

#### It's life saving

If eligible, patients can get Suboxone®, which is proven to help manage withdrawal and reduce cravings.

#### It's compassionate

Patients work with a care team that treats them with respect and dignity.

#### It's affordable

We accept insurance.

#### It's comprehensive

We offer diagnosis and treatment for related behavioral health needs and access to comfort medications. We also help facilitate necessary referrals within network.
